

Windsor Windsor Center River Trail

Trail Highlights

This 1.3-mile trail begins at Mechanic Street in the town of Windsor. It travels north for a short distance before entering a loop. The trail user may exit the loop at 2 points. The northern exit point leads to the trail's terminus at Palisado Avenue. The southern exit point takes the trail user back to the trail head at Mechanic Street. Along the trail are several scenic viewing spots of the Farmington River.

Parking and Accessibility

Parking is available at a lot located off of Mechanic Street, near the trail head. Another parking area is located off of Palisado Avenue, near the northern portion of the trail loop.

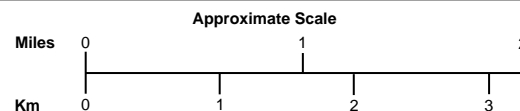

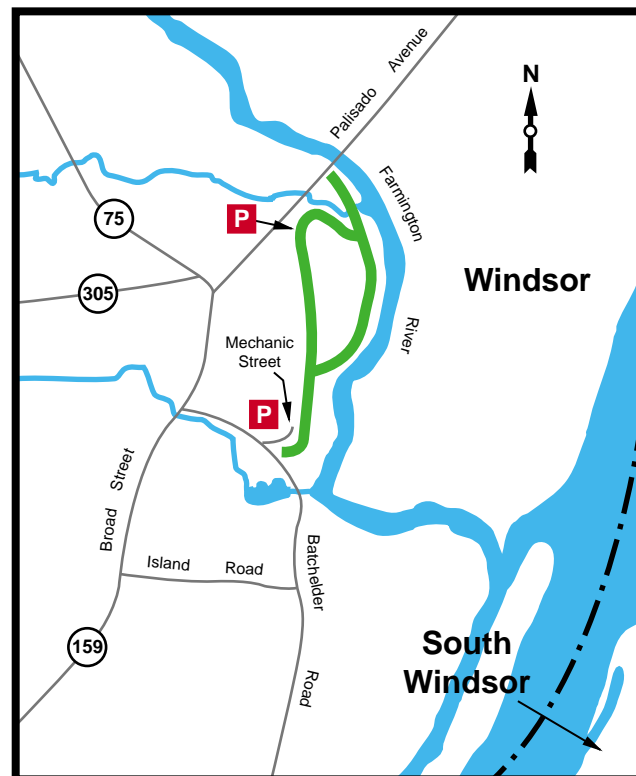

From I-91 North: Take exit 37 to Route 305. Turn right onto Route 305.

From I-91 South: Take exit 37 to Route 305. Turn left onto Route 305.

To access the parking area located near the trail head, take Route 305 to Broad Street. Turn right onto Route 159 South (Broad Street), and then left onto Batchelder Road. Take another left onto Mechanic Street. The parking area is on the left.

To access the parking area located near the northern portion of the trail loop, turn left onto Route 159 North (Palisado Avenue). The parking area is on the right.
